

Ready to Make a Difference?

Applications are now being accepted for a
FULL-TIME ENERGY EDUCATION SPECIALIST
ANNUAL SALARY: \$60,000

This year-round position includes a salary level adjusted to reflect responsibilities and time commitment.

ARE YOU A FIT?

The Board of Education recently authorized hiring a full-time Energy Education Specialist to lead the district's new and exciting energy conservation program. **New Castle Community School Corporation** is seeking someone with strong people skills who has exhibited the ability to plan and organize projects while working with others in a pleasant manner. Preferred candidates will have three or more years of classroom, administrative, or other professional experience in the district.

MAKE A DIFFERENCE!

Energy Education will thoroughly train and assist the Energy Education Specialist in the implementation of the firm's [Transformational Energy Management™ Process](#). This proven process has been implemented in over 1000 school districts in 48 states, saving schools over \$1.9 billion!

Energy Education will personally train and mentor the Energy Education Specialist, working throughout the district's facilities. This energy conservation leader will attend nationwide training seminars as well.

This is a vital role that can also provide career advancement opportunities. Numerous Energy Education Specialists have gone on to executive and administrative roles such as Superintendent, Assistant Superintendent, Transportation Director, Director of Facility and Maintenance, Operations Director and other key positions.

For more information about Energy Education, visit their website at www.energyeducation.com.
