

Good Afternoon Students, Parents, and Staff

The most recent Henry County COVID numbers will be reported by the state today. The report will reflect a composite score increase from a 2.0 to a 2.5. With the increase in Henry County Cases, New Castle Schools will remain instructing students virtually the week of December 14th. Lunch distribution will continue to occur on Mondays from 3-5 at the HS, at door #2. We eagerly look forward to the time when we are back in school with no limitations. Until then, I thank our students, parents, teachers, and staff for making adjustments to ensure student learning remains a priority. Be safe and be well.
